Hi Gary,  
I haven't yet had a chance to look at the remedial alternatives memo, but regarding your PTW question, I've attached a highlighted copy of the PTW guidance and a list of quotes from CERCLA, the NCP, and other guidance documents that support the preference for treating PTW. The quotes from CERCLA and the NCP should be the most helpful, but please let me know if you'd like me to try to find more information. Thanks,
